Summary

Front-end developer with 2 years of React JS experience. Skilled in JavaScript, HTML, CSS, RESTful APIs. Developed responsive web applications & optimized performance. Collaborative in Agile teams, focused on accessible, user-friendly interfaces. Creating innovative solutions & exceptional user experiences and seeking to apply expertise efficiently.

Technical Skills

- Programming Languages: JavaScript (ES6), TypeScript, Python
- Libraries/Frameworks: React JS, Redux, Material UI, Tailwind CSS, Bootstrap
- Version Control: Git, GitHub
- Testing Tools: Jest, Robot Framework, Selenium
- Development Tools: Webpack, Babel, Jira
- Database: MySQL, MongoDB
- Soft Skills: Problem-solving, Cross-functional Collaboration, Agile Methodologies

Experience

Wipro Techology

Front End Developer, Bangalore
04/2022 - Present

- Developed dynamic web applications, resulting in a 60% increase in user engagement.
- Created an internal automation testing tool using Robot Framework & Selenium, reducing manual testing efforts by 80% and accelerating release cycles.
- Integrated RESTful APIs and third-party services, enhancing application functionality and increasing data retrieval speed by 30%.
- Managed version control with Git and collaborated via GitHub for seamless integration and deployment.

Profile Summary

- Strong familiarity with web app development. Proficient in developing responsive user interfaces.
- Experience in front-end technologies like HTML5, CSS3, JavaScript(ES6), and React JS. Worked on front-end frameworks like Bootstrap and Tailwind CSS.
- Good technical knowledge of the MySQL database.
- Strong communication, willingness to learn, positive approach to work, and analytical and troubleshooting skills.

Projects

Nokia NTT-Docomo:

- Had meetings with customers regarding various queries and provided quick resolution of bugs.
- Coordinated cross-functional teams, fostering collaboration to achieve project goals.
- Improving existing products with new features recommended by the client.
- Ensured quality control for all aspects of the project, reducing defects and rework.
- Delivered high-quality products consistently by adhering closely to industry standards and best practices within each stage of the given project's lifecycle.

Portfolio Website:

- A major project during Wipro Training, contributing to designing and developing user interfaces.
- Implemented custom hooks.
- Set up routing functionality using React Router.
- Implemented form authentication & Email Functionality.

Education

B.Tech

Vellore Institute of Technology, Chennai
05/2022

PCM

St. Joseph Public School, Kota
